Plant. Grow. Thrive.

The Nutralite™ philosophy is simple – Plant. Grow. Thrive! From our organic farms to your family, we believe in a bigger, brighter world of nutrition.

Our vitamins and supplements – in tablets, powders and more – are crafted utilizing Earth's best nutrients. We're committed to harnessing the power, purity and richness of nature – From Seed to Supplement to You.

We track, trace and tag every seed, every plant and every ingredient; then document, review and check every detail along the way so you'll know our products are safe and effective.

Nutralite™ supplements provide the nourishment behind your daily ritual, helping you become your best self and meet your top needs so you can help others do the same. Because life isn't about surviving, it's about thriving. You. Your Family. And the entire Planet.

Mahalagang Paalala: Ang Nutrilite[®] ay hindi gamet at hindi dapat gamiting panggamot sa anumang uri ng sakit.

Targeted support for all your tomorrows.

Overall wellness means taking care of your whole body with healthy habits and targeted supplements that help you live your best every day.

DO YOUR PART FOR YOUR HEART.

Eat well.

Leafy greens and fresh fruit help provide plant nutrients that your heart (and body) need to function optimally.

Relax regularly.

Taking time to calm your body and mind supports occasional stress and improves blood flow to give your heart a helping hand.

Get outside.

Strengthen your heart with regular exercise. A quick pump-up brings oxygen to all your cells and clears out excess cholesterol.

HEART NUTRIENTS:

CoQ10:

Delivers key antioxidant support for healthy blood vessels.

Garlic (allicin):

Helps maintain already healthy blood lipid levels and already normal blood pressure.

Tea Leaf Extract:

Helps maintain already normal blood cholesterol levels.

Omega 3 Fatty Acids:

Help support blood flow and heart health.

DON'T SKIP A BEAT WHEN IT COMES TO HEART HEALTH

Your heart beats about 2.5 billion times throughout your life, pushing blood, oxygen and hormones to nourish your body's cells every time.

Go for garlic.

Garlic, an allicin antioxidant, contains vitamins C and B6, plus manganese and selenium. And is well known for its supportive heart health benefits.

In addition to supplementation, at least 150 minutes a week of moderate-intensity physical exercise is recommended to keep your heart healthy. Fruit and vegetable intake is associated with a reduced risk of cardiovascular disease.

Fuel your fitness to get the most out of each adventure.

Optimize your physical performance with energy drinks and sports nutrition products designed to help support energy, hydration, strength and recovery.

FUEL YOUR BODY WITH NATURAL, HEALTHY ENERGY

Some energy products on the market today are full of fillers, artificial flavors and coloring, which takes a toll on our bodies. Not to mention the added sugars we get from traditional sports beverages! Choose a product with premium ingredients and with only what your body needs to fuel performance.

WHY PRE-WORKOUT SUPPLEMENTATION?

To maximize workouts and take your performance to the next level!

The right ingredient blend matters:

Caffeine provides a boost to jump-start your training.

Rhodiola Rosea helps you focus and zero in on your workout.

B-Vitamins provides energy by helping the body metabolize carbohydrates.

L-Carnitine may help enhance weight loss and fat-burning if combined with healthy diet and consistent exercise.

Only 10 calories!

= to 10,000 plastic water bottles.*
That's enough water for a family of 6 to cook with and drink for 1 whole year!

WHY BETTER WATER MATTERS

Daily hydration is essential for physical and mental wellness. Drinking water helps regulate body temperature and digestion, supports improved mood and focus – and so much more.

Tap into cleaner, fresher-tasting water.

Learn more about what could be in your water and how the eSpring™ water filtration system filters it.

KNOW THAT CONTAMINANTS COULD BE PRESENT IN YOUR WATER™

Environmental contamination
Natural and non-natural contaminants like pesticides and herbicides.

Water treatment by-products
Additional chemicals that can form during the municipal purification process.

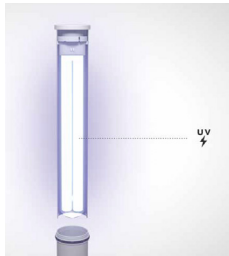

Pipe corrosion
Contaminants can result from cracked pipes or from materials that make up the pipe itself.

FILTERS SOLIDS

Carbon filter technology
Effectively reduces more than 140 potential contaminants that may be present in household tap water.**

KILLS ORGANISMS

Ultraviolet light technology
Effectively destroys microorganisms** in water with light instead of chemicals.

MONITORS FILTER LIFE

Monitor technology
Smart-chip technology conveniently tells you when it's time to replace your water filter.

**eSpring™ water treatment systems are designed for use only with potable water deemed safe to drink by local public health authorities.

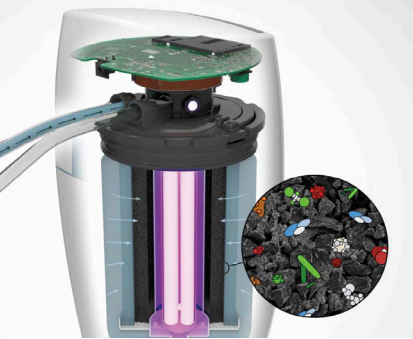

YOUR HYDRATION ROUTINE MADE EASY:

- 1 Get a reusable water bottle and refill it throughout the day.
- 2 Install a water purifier in your home to enjoy clean water straight from your tap.
- 3 Infuse your water with a hint of flavor by adding citrus fruits, berries and/or herbs.

CAUGHT IN ACTION

Our patented, multi-stage, carbon-block cartridge filters help pull contaminants directly from your tap water.

QUICK & EASY SETUP

Fits most kitchen sinks with minimal effort.

WATER PURIFIER

eSpring™ Water Purifier

Enjoy clean water without the worry! This in-home water treatment system, with a filter cartridge that incorporates a patented carbon block filter and uses "Instant On" technology UV lamp, reduces potential health effect contaminants yet allowing beneficial minerals like calcium and magnesium to pass through.
