ORAL CARE SYSTEM

## WHAT IT DOES

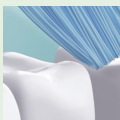

Ergonomically designed Glister™ Multi-Action Power Toothbrush effectively cleans teeth and removes plaque.

## HOW IT WORKS

Advanced bristle and vibration technology, as well as three intensity levels (low, medium, high) keep teeth clean and fresh. Perfect for using with Glister™ Multi-Action Toothpaste.

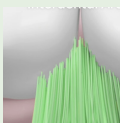

## 3 TYPES OF BRISTLES

Diamond-shaped bristles with four edges effectively remove plaque.

### TEETH

Semi-slim bristles to clean the tooth surface.

### INTERDENTAL

Multi-level ultrasoft bristles clean deep and tough-to-reach areas.

### GUM LINE

Double-split rounded end bristles gently clean along the gum line.

### Glister™ Multi-Action Power Toothbrush (NEW)

Add power and innovation to your oral care. Custom bristle design targets the interdental area, gum line and teeth all at once. Includes charger, UV sanitizer, and 3 replacement brush heads.
