DID YOU KNOW?

Healthy skin is the foundation of beautiful skin at every age. Just like any other organ, your skin needs proper nutrition.

Artistry™ identified 5 barriers within skin's surface that safeguards its healthy appearance.

Defense Barrier

- Stops common causes of irritation before they can penetrate the skin

Microbiome Barrier

- Helps maintain and stabilize the skin's healthy look

Support Barrier

- Keeps skin's shape and elasticity

Moisture Barrier

- Keeps essential moisture inside the skin

Environmental Barrier

- Protect skin from environmental aggressors like UV rays, blue light and oxidants

Artistry™ scientists researched how we could support each barrier and made a key discovery: skin looks its healthy best when 5 key Skin Nutritional Requirements are addressed.

These requirements are:

PURIFY to keep skin's Defense Barrier clean and free of irritants

BALANCE to stabilize and nurture skin's Microbiome Barrier.

REBUILD to strengthen and repair skin's Support Barrier.

MOISTURIZE to saturate skin and fortify its Moisture Barrier.

PROTECT to amplify skin's Environmental Barrier.

Based on this discovery, we created **Artistry Skin Nutrition™** skincare.
